

The Seal of the Dragon

Author/Director: Vincent Dragon

Producer: Adalios

Country: France

Length: 52'

Vincent, Claire and Sophie Dragon are siblings, born of different biological parents and strongly linked to their foster family by a feeling of belonging. Not yet in their thirties, they are questioning this link within a reconstructed family: What do we inherit, what do we pass on, what is our identity about? It is a personal film, deep and light-spirited, that deals with adoption from the inside.
