

## The Extras

**Author/Director: Marc Fitoussi**

Producer: Avenue B Productions

Country: France

Length: 52'

Dominique, Robert and Ginette are film extras. They go from set to set and merge into a group the time it takes to shoot their scenes.

Is there hope for a real role or is this fun enough? Every one of them has their own good reason to be there, to throw themselves into this environment that sheds so little light on them.

With humour and sensibility, we follow the stories of a few of these passionate bystanders.
